# REFERRAL POLICY

**Please read thoroughly before signing.**

**The following guidelines regarding your referral are very important.**

Your veterinarian referred you to our practice for specialty treatment in the field of veterinary ophthalmology OR you were not directly referred but have a primary veterinarian that you will be returning to for routine care. Therefore, your pet will only be evaluated for the problem for which it was referred. Under no circumstances, unless in an emergency situation, will we accept your pet for unrelated problems unless your pet is a pre-existing patient to this practice.

Please note that because of our unique specialty in veterinary ophthalmology, we are not able to provide any routine services such as vaccinations, boarding, bathing, spays, neuters, nail clipping or other routine care.

Your primary veterinarian will receive correspondence from us regarding your visit. This is critical for continuity of care and completeness of your pet's medical history.

By Signing below, this will give Animal Eye Guys permission to release medical records to 3rd parties; including but not limited to insurance companies, RDVMs and specialists.

Your understanding and cooperation is appreciated.

I have read and understand the referral policy.
